GAO
CLAIMS DIVISION

Gentlemen:

There are submitted herewith for appropriate action claims against ███████ 25X1A5a1
█████████████████████, totaling $2,686.00 for damages to the 25X1A5a1
personal property of three employees who were transferred to stations over-25X1A5a1
seas by Government Orders issued by this Agency. The claims are based on
defective packing on the part of ████████████████████████████████████25X1A5a1
Photostat copies of statements signed by the three employees regarding
damage done to their household goods are enclosed as part of the file.

The packing for two of the employees was done under Contract ███████ 25X1A5a1
3 November 1950, photostat copy attached, and payments were made as follows:

Employee's Name	Bureau Voucher	Bureau Schedule	Amount Paid	
████████████	05766	1149-52	$280.54	25X1A9a
	01883	747-52	327.31	

Packing for the third employee, ███████████ was paid under the open market 25X1A9a
on Bureau Voucher 10939, Bureau Schedule 2051-51 in the amount of $430.30.

Although the damages obviously were due to faulty packing, the crates were
received in good condition and for this reason it was not apparent until the
household goods were unpacked and the bills had been settled by this Agency
that the transfer company had not met the conditions of the contract and
purchase order.

All attempts to effect collection on behalf of the three employees have been
unavailing as evidenced by the attached copies of correspondence. The signed
statements mentioned above substantiate the claims of the three employees and
it is the opinion of this office that their claims are just and that █████25X1A5a1
████████████████████████████, is liable for the damages to the house-25X1A5a1
hold goods of ███████████████████   25X1A9a

Payment to the three employees has not and will not be made by this Agency;
and, it is assumed that the General Accounting Office will make proper dis-
position of the case.

Very truly yours,

25X1A9a   ████████████████████████
